To those that are currently being hunted by the tyrannical government and media...

Unless you destroyed property or assaulted an officer...(Which is serious but they've dropped those charges for anarcho-Communists)..they can only charge you with trespassing. Do not let them scare you with anything else. This is the time to say FUCK THE SYSTEM.

We will find attorneys to represent you if needed. We will help raise you money for your legal defense. You are not alone.

All of you helped when I needed it the most. So I am forever in your gratitude and I will always be here for you.

Parler peeps we will need your help in the coming days.

And I tell you...Stand back and Standby.

Something is gonna pop off. Either organic or false flag. Maybe both.

More than likely. If we take anything away from yesterday, it should be this - we need to be tight knit about how we organize events and have ways of spotting outsiders. Infiltrating agitators need to be found, and 'disincentivized' from doing that again.

We are going to see and hear some crazy things in the coming days, but hold fast. We are all red pilld here, the Rubicon has been crossed shortly after the election.... we just didn't know. Stock up on food and supplies while you can, there may be a "dry" spell for a while. Get enough to help others. None of us really know, but it doesn't hurt to prep. It is essential we get any information we can put to others as quickly as possible, using whatever means necessary... tech and media are slowly choking out all the info, but chances are, we won't know until after it's done. Be peaceful, be patient, the Lords vengeance shall be his... after doing all you can do, STAND. We hide in your Mighty Shadow Lord, and we mount up on wings... we put on the armor of God, and You, O Lord, MY ROCK, who trains my hands for war, my fingers for battle, it's You O Lord, who delivers us from evil...the Key of David unlocked the doors... Jesus is coming.... Strap up and stay frosty PEDES.

I don't know if I can believe it... but if 2020 has taught me anything, crazy ain't as crazy as we thought it

3 HOW is it trespassing when TAXPAYING citizens OWN the building?!

4 I agree with you. The bastard politicians who pay for nothing yet claim they own the place and have activist police officers and judges are the ones who disagree. Just another example of how they believe they're royalty and we're servants and slaves.

2 Proud Boys is a Western chauvinist men's drinking group. Don't get me wrong, PB will always be doing patriot shit together but the group isn't designed nor capable of what you're suggesting. We cannot rely on one group to do all of those things. As you mentioned, the left has hundreds of groups doing those things because so much manpower and organization is necessary to do it.

3 They are reporting he was identified as antifa via facial recognition. If he isn't, and is a patriot, this post may help him?

2 link please? I guess I should send a little cash that I can. might as well make the Proud Boys the same status as BLM.

1 Hold onto your cash, use it for your family. Enrique is doing good and the Proud Boys always take care of each other.

1 Yes. That's it.

▼ They got us now, right?

They've backed a wild animal into a corner.

Oh ho ho ho. Look guys. They're taking everything from us so that we've nothing left to lose.

“ I guess I'll die now like that snek thing on the flag did?
